Subject: RE: Ecology SEPA No. 12-2518 "Wilcox Farms Ditch Maintenance" Comment Letter

Carrie,

I will respond by letter to you as soon as I am able to receive the back up info from Chris Wilcox since I got into the game a bit late.

This has been addressed and we do have a letter from the Corps of Eng. stating they do not need a 404 permit.

I should be able to have this letter to attach to my response letter tomorrow so I can get it back to both you and Mr. Zeigler. I know he wanted to close it out today but it will have to be tomorrow.

Thank You

Bill Diamond
